

MHD

March Healthcare Development

Entirely new healthcare for the entire community.

JULY 10, 2009

MYTH: A hospital is a hospital.

REALITY: "MHD is an innovative approach to a pressing need for the community, and perhaps one day a model for the rest of the country to follow, whereby all the medical and related services are brought together on one campus."

Victor Miceli,
*Retired Riverside County
Superior Court Judge*

FUTURE: Entirely new healthcare
for the entire community.
