We are creating a state-of-the-art LifeCare campus that will bring healthcare, wellness, research, and education and training together under one roof. Through partnerships with hospitals, ambulatory surgery centers, physician groups, education and research institutions, March Healthcare Development is bringing a whole new approach to healthcare to our community. The Campus will feature Centers of Excellence for the most pressing medical needs of our time, including cancer, heart disease, and stroke. This Medical Campus will provide care for all members of the community, through all stages of life, providing a total health care experience—from the mind/body connection to skilled nursing facilities and hospice.
