Medical Development Specialists (MDS Consulting) Named Lead Healthcare Consultant for March LifeCare Medical Campus

July 16, 2010, Riverside, CA. March Healthcare Development ("MHD") is pleased to announce the selection of Medical Development Specialists (MDS Consulting) as its consultant for the development of the Program and Services Plan for a new hospital and ambulatory services building to be located on the medical campus adjoining March Air Reserve Base.

MHD is the developer of [March LifeCare](#), America's first 'health and wellness' city, that will include a full range of health care services including education, prevention, wellness, research, training, diagnosis, treatment and recovery in a uniquely designed integrated medical campus.

Every room in the hospital (***March Memorial Community Hospital***) will be private and incorporate the latest developments in environmental friendly design. The Hospital and Ambulatory Services Building will blend into a medical city of over 200 acres that incorporates all health care services on an easily accessible campus. The newest technologies, along with a patient and physician friendly hospital design, will allow patients and their families to be treated with privacy, dignity, and respect.

MDS Consulting is in the process of meeting with area physicians to solicit their input and involvement in the hospital campus planning which will be done in partnership with St. Bernardine Medical Center, Catholic Healthcare West, and the Riverside Medical Clinic.

MDS Consulting is a national healthcare consulting firm with offices in Torrance and Costa Mesa, California. MDS's clients include hospitals, health systems, medical groups, and government. Phil Dalton, CEO of MDS, said, "it is an honor to be involved in the development of

this campus.” He continued, “This project will truly be a model of healthcare that is planned in light of the new national healthcare reform legislation, including the development of the Accountable Care Model.”

Don Ecker, managing partner of MHD said, "We are excited to have MDS as part of our world class team that includes one of the world leaders in hospital design -- HO+K, and the number one builder of hospitals in California – McCarthy Building Companies."
