**March LifeCare to Contain 9-Hole Executive Golf Course and Support “First Tee”
Organization for Youth**

July 20, 2010, Riverside, CA. Ed Holmes, Southern California Golf Association Founding President and Chair of the SCGA Foundation scholarship committee has committed to bringing “The First Tee” to the March LifeCare Campus. First Tee's mission is to impact the lives of young people by providing learning facilities and educational programs that promote character development and life-enhancing values through the game of golf.

The March LifeCare Health and Wellness City, being developed by March Healthcare Development (MHD), will include a full range of health care services including education, prevention, wellness, research, training, diagnosis, treatment and recovery in a uniquely designed integrated medical campus. The ‘city’ will also contain a retail village, a hotel, and social and cultural amenities.

MHD Founder and Managing Director, Don Ecker, says talks are under way to develop a nine-hole Executive golf course on land adjacent to the campus. “The course will be open to the community at large as well as patients, staff, and residents”
