March HealthCare Development and Riverside Medical Clinic, Catholic Healthcare West, and St. Bernardine Medical Center, Welcomes Moreno Valley Physicians Group

June 16, 2010, Riverside, CA: Dr. Baktiar Ahmad, on behalf of the 102 physicians that currently practice at Moreno Valley Community Hospital, is pleased to join America's first health and wellness city -- March LifeCare. The Moreno Valley Physicians Group, led by Dr. Ahmad, joins the growing number of organizations that will collaborate to develop an innovative health care delivery model to enable coordinated physician and hospital care that meets health care reform goals.

Dr Ahmad has been a key supporter of March HealthCare Development (MHD) and was prominently featured in its community campaign last summer. At that time he stated, "The physicians of the Moreno Valley are eager to partner with the MHD to develop a new state-of-the-art hospital. The area needs this medical campus to retain the physicians who have been serving this community with dedication for the last two decades, and to attract new physicians to the area."

MHD Founder and Managing Partner, Don Ecker, thanked Dr. Ahmad for his "support during the past year." He adds, "Everyone involved is glad the group will have a place to practice in Moreno Valley." The Moreno Valley Physicians Group was formerly a part of the Moreno Valley Hospital that was bought by Kaiser Permanente.

Dr Steven Larson, Chairman and CEO of Riverside Medical Clinic, is pleased to have his fellow physicians in the March LifeCare service area join the integrated health care delivery team. In addition, Steve Barron, President of St. Bernardine Medical Center, welcomes the inclusion of the physicians on the campus.

Dr Ahmad is also on the NAMM California/PrimeCare executive committee, and is pleased with the recent announcement that the group – the largest network in the area, will be joining the March LifeCare campus. Mike Grabendike, CEO of March LifeCare Goeske said that this announcement "only adds to our excitement of being a part of this unique campus!"
