

## Jon Yipp

Senior Manager | MDS Consulting

Jon Yipp is a senior manager with over 20 years of health care planning, consulting, and hospital operational experiences. He has led and participated in many complex consulting engagements in strategic and business planning, service line development, financial turnaround, hospital joint-ventures and due diligence, fairness opinions, performance and operational improvement, as well as facility construction and master planning.

Prior to joining MDS, Mr. Yipp was an assistant hospital administrator of operations at Kaiser Permanente where he successfully led the planning, license preparation, and transition of services into a new 106-bed inpatient tower. Mr. Yipp previously held positions as the director of planning and performance improvement for a Kaiser Permanente service area as well as senior consultant in operations improvement and strategy consulting for the company's corporate office.

He received his MPH, with a concentration in Health Services Policy and Management, as well as his bachelor's degree from UCLA.
