

## SCOTT HILDEBRANDT

Vice President | Albert A. WEBB Associates

Mr. Hildebrandt is a Vice President and a Market Leader for regional and county agencies. He is a recognized expert in the disciplines of drainage, hydrologic, and hydraulic planning and design. Scott has a well-rounded knowledge of the engineering industry, which allows him to oversee our educational facility, recreational facility, commercial/industrial projects, and contribute his expertise to our healthcare projects. This experience has led to his reputation as a trusted advisor for the design of multi-discipline projects that intersect multiple market sectors.

Scott has been instrumental in providing the 12,000+ resident private Canyon Lake Community with parks, infrastructure, and a 40+ mile roadway system as Corporate Engineer for the Property Owners Association. He has planned and designed hundreds of major public infrastructure projects including transportation, sewer and water systems, storm drains, and utility tunnels. He has also developed close working relationships with local, state, and federal regulatory agencies, and he understands how to expedite approvals from multiple agencies to effectively push projects forward.

Scott has an MS in civil engineering from UC Berkeley and is a California registered civil engineer. He is actively involved in the American Society of Civil Engineers, National Society of Professional Engineers, and the National Council of Examiners for Engineers and Surveyors. He also served as Past Commissioner of the City of Riverside Parks and Recreation Commission and the Parking, Streets, and Traffic Commission.
